

Wishing Star Farm Plant Seedling List – 2021

Jim & Pat Bono 609-267-6659 website: www.wishingstarfarmnj.com email: wsf@wishingstarfarmnj.com

Please checkout our NEW online shopping website to place an advance order or for more information on plant varieties. You can also place a completed copy of this form in a special mailbox on farm driveway. Include a phone or email address and we will contact you to arrange for pickup.

Be sure to check out our website's Covid19 Update Page for shopping, ordering and pick up details. We appreciate your cooperation as we work together to keep each other safe as we prepare our Covid19 Victory Gardens. We will set up outdoor shopping once danger of frost has passed, estimated date May 13th.

Varieties are available as indicated. Single vegetable plants come in 3-inch pots at \$1.00 each. 6-packs are \$3.50 each. Price includes 6.625 % state tax. Varieties new this year are listed in **bold font**. Flowers & herbs are priced as indicated.

6-pk Single plant

Cucumbers:

___	___	Dasher II	Producing dark green cucumbers measuring 8-10 inches long, this hybrid variety is great for home gardens. Great disease resistance and very high productivity.

___	___	Red Hot ³	Italian frying cayenne pepper, 8" ripens red, use fresh frying or salsas. Heirloom
___	___	Early Jalapeno ³	Medium hot jalapeno, 2-2 1/2" long, sausage-shape, can stuff/chop/jam Heirloom
___	___	El Jefe ³	Early, large dark green jalapeno, 4" long, bacteria & virus resistant hybrid
___	___	Hot Cherie ⁴	Early, 2-2.1/2" round; a great hot & productive cherry, good for pickling/poppers
___	___	Altiplano ⁴	Large Serrano pepper, 4.5-5" long fruit, traditional heat/flavor balance, use fresh
NA	___	Orange Spice Jalapeno	Colorful "new heirloom" bred by NM State U, best flavor (citrusy) when fruit ripens vibrant orange. Hotter than Early Jalapeno, about same size on 24" plants.
NA	___	Bishop's Crown ⁴⁻⁵	Barbados/Brazil starts fruity & heats up as it ripens red, 1.5", Great to stuff
___	___	Orange Thai ⁴	Asian cayenne ripens orange, 4" long slender fruit, prolific (H)
NA	___	Ito's Thai ⁴	Traditional (collected in Thailand), ripens red, 2.5" long, slender fruit, prolific (H)
___	___	Thai Hot⁴	Small 3 inch, fiery-hot, spicy Thai chile, pick green or red, use fresh, dry, flake
___	___	Lemon Drop ⁵	Peruvian, citrusy, very hot, bright yellow, crinkled, can grow in pots. Heirloom
___	___	Caribbean Red ⁵	Habanero hot, fruits mature to red, slightly less sweet if eaten green. Heirloom
NA	___	7 Pot Chile ⁵	Super hot, fruity & nutty Caribbean chile from Trinidad, similar to Bhut Jolokia
NA	___	Bhut Jolokia ⁵	WHITE aka Ghost Chile, grows 2.5-3.5" long, ripens green to orange to white.
NA	___	Bhut Jolokia ⁵	YELLOW aka Ghost Chile, grows 2.5-3.5" long, ripens green to yellow.
NA	___	Bhut Jolokia ⁵	RED aka Ghost Chile, grows 2.5-3.5" long, ripens green to red.
NA	___	Trinidad Scorpion	"The Second Hottest" chili pepper; fruity floral flavor; ripens green to red-orange
NA	___	Carolina Reaper ⁵	Arguably <i>THE</i> hottest pepper" hybrid from S. Carolina, Chinese cross with Bhut Jolokia rated 15 times hotter than habanero! 2-3" gnarled fruit with tail, turns red

Suggestion: Plant different types of herb plants in one large pot or container for a “kitchen herb garden.”

Flat Parsley, Basil and Cilantro are available as a 6-packs/\$3.50 each or as single plants in 3-inch pots for \$1.00 each.

6-pk	Single		
___	___	Italian Parsley	Flat leafed “Giant of Italy” flavorful parsley, many culinary uses
___	___	Basil, Mrs. Burns	“The most lemony,” heirloom variety; white flower bracts used in bouquets
___	___	Basil, Prospera	Classic Genovese. Traditional, “Italian” good for pesto, use fresh or dry
___	___	Basil, Prospera Large Leaf	New variety of larger leaf Genovese basil, sweet, good aroma w/notes of anise, excellent disease resistance, massive plants for pesto; replaces Nufar.
___	___	Basil, Red Rubin	Purple, large leaf, sweeter than Genovese, use in salads or as a garnish
___	___	Basil, Sweet Thai	Authentic Thai spicy anise/clove flavor, edible flowers. salads, soups, desserts
___	___	Basil, Mixed Red & Green	Prospera (green) and Red Rubin (red) mix in 6-pack
___	___	Cilantro/Coriander	“Calypso” is slower to bolt, good disease resistance, larger, flavorful leaves; annual used in Mexican/Asian cuisine, balances spicy foods

The following culinary & ornamental herbs are available only in single 3.5 inch pots at \$2.50 each.

Single

___	Catnip (P)	Mint scented variety, white colored blooms used for tea (stomach), fun for cats
___	Chives (P)	grows upright; use fresh or dried, mild onion flavor, use flowers as garnish
___	Dill (A)	Fern-like foliage, “dill weed,” seeds edible, plant or pot, grows to 18” tall
___	Lavender (P)	Blue Scent. Compact, high oil content for scented oils & drying. Blooms first year, grows to 14” Fragrant flowers very edible. Cut fresh or dry. Ornamental.
___	Lemon Balm (P)	Lemon leaves for tea/salads. White blossoms attract bees, easy to grow, 12-18”
___	Marjoram (A)	Sweet, mild flavor, think “oregano lite,” use on fish, meat, salad & eggs
___	Fancy Mints (P)	Choice of ___ Chocolate Peppermint, ___ Mojito or ___ Orange. Grows well in pots. Use to flavor teas, desserts, salads and meats as well as in cooking or cocktails!
___	Oregano (P)	Italian variety, highly aromatic for culinary and medicinal use
___	Rosemary BBQ (TP)	Use fresh or dried, tender perennial, upright branches good for skewers
___	Rosemary (TP)	<i>Officinalis</i> - Use fresh or dried, tender perennial (protect or overwinter indoors)
___	Sage Pineapple(P)	Blooms later but continuously until frost, very fragrant, attracts pollinators, many culinary (teas, salads, jams, garnishes) and ornamental uses.
___	Sage Traditional (P)	Attractive herb. Cuisine use is same as traditional sage, attractive flowers 2 nd yr.
___	Sage Tricolor (P)	Attractive variegated herb. Use same as traditional sage & highly ornamental.
___	Tarragon, (P)	French culinary variety, used to flavor vinegars, fish & chicken; “licorice” scent
___	Thyme (P)	Culinary, little traditional green leaves, for teas or seasoning dishes; low growing

(A) Annual (P) Perennial (TP) Tender Perennial All herbs can be grown in pots.

Suggested combinations of herbs for culinary use:

Italian: Parsley, Marjoram, Basil, Rosemary, Chives, Oregano, Sage, Dill, Thyme.

Mexican: Marjoram, Oregano, Cilantro, Parsley, Thyme, Mint

Herbs de Provence: Rosemary, Thyme, Oregano, Tarragon, Lavender (flowers)

English: Parsley, Sage, Rosemary, Thyme, Chives

Ageratum _____ *Blue Horizon*: “deer proof” mid-blue flowers grow 18-24” tall, for beds, cut to fill bouquets. Full sun.

Cosmos: **Easy to grow, airy with single and double blooms, prefer full sun, good for beds, pots and bouquets**

_____ **Little Ladybirds:** Mixed orange, yellow and scarlet semi-double blooms on strong stems. Grows 14-18” tall

_____ **Xsenia:** Antique rose blooms with a terracotta center, 2.5” wide blooms, grows 24-28’ tall

Globe Amaranth: _____ Mixed shades of purple, pink and white, use fresh or dried: fresh - cut flowers before fully open, dried –use flowers when fully open, 24” tall

Marigolds **One of the easiest & most cheerful flowers, marigolds inhibit nematodes and hornworms,**

Gem Marigolds Lemon or Tangerine colors. This 8-10” tall marigold performs double duty: great for borders or pots, the petite citrusy scent blooms are edible – use as a garnish.

_____Lemon _____Tangerine

Giant Marigolds **Yellow or Orange** Strong 36-40” tall stems support 3” large flowers for cutting.

_____Yellow _____Orange

Compact French Marigolds: Large, bright compact French marigold grows 8-10 inches tall, plant 6-8 “ apart. Prolific 2” blooms stand above the foliage; excellent for pots, baskets and beds

_____ **Janie Bright Yellow** _____ **Janie Deep Orange** _____ **Super Hero Bee** (bicolor, yellow with red)

Nicotiana: “Flowering tobacco” full sun to partial shade, heavily scented, for containers or beds.

_____ *Perfume Deep Purple* *Upward facing blooms are held above foliage for full display. 10-12 inch plants.*

Salvia: Excellent for bedding, pots & borders; low maintenance, tolerant, good for cutting.

_____ **Fairy Queen** Blooms until frost, bicolor flowers of blue spikes w/ white flowers compact plants grows 18” tall

.....

Premium Flowers, Herbs and Ornamental Plants: Sold as 6-packs for \$3.00 each or Singles for \$1.00

Our premium plants are selected varieties that offer unique features not usually found in our standard plant selections. An inexpensive way to experiment with “upscale” varieties & well worth the price.

Celosia: Fresh Look (feathered plume mix) Heat tolerant. Bright plumes of gold, red, orange, and yellow hold all summer long. Great accent for beds & pots. Use cut flowers fresh or dry. Attracts pollinators, grows 14” tall and spread 12” wide. Sold in 6-packs.

Vinca: Mounding plants produce blooms ALL summer; Tolerates heat & dryness, prefers sun (at least 6 hrs/day) or light shading, low maintenance. Great in beds or pots. Titan series blooms 2 weeks earlier than other vincas. All varieties have high disease resistance. Grows 14-16 inches tall and spreads 12 inches. Use in beds or pots. Avoid over watering. Sold in 6-packs only.

_____ **Cotton Candy Mix:** Titan Mix of blush, icy pink, and lavender blue shades

_____ **Titan Mix:** Titan Mix of all colors. Shades of white through red, pastels & bright colors.

_____ **Polka Dot** . Titan series, cheerful white flower with “a red eye.”

Zinnias: Easy to grow; bright, prolific, dahlia like blooms; excellent for cutting (deadheading suggested); blooms until frost. Sold in 6-packs only

- ___ **Benary's Giant Mix** Mixed reds, yellow, oranges, pinks, white; 1-4" double & semi-double blooms, 45" tall; good for beds or bouquets
- ___ **Cactus** Large 3-5" quilled blooms, mixed orange, pink, reds, peach, yellow, & white. 28-40" tall
- ___ **Profusion:** One of our personal all-time favorites, compact, prolific zinnia mounds beautifully in a garden bed or pots, heat tolerant, 2" double blooms last all summer, mixed colors.

Ornamental Peppers These colorful, edible hot peppers produce prolific, candle flame shaped fruit held upright above the foliage. The fruit turns colors as it reaches full maturity.

- ___ **NuMex Easter** Compact 10 inch plants produce upright conical fruits which turn striking colors of purple, light orange & yellow. Colorful display is also edible (but hot). 6-pks or ___ single @\$1
- ___ **Super Chile** Ornamental & edible hot 2 1/2" chile pepper grows upright on plants 24" tall, ripens green to orange to red. Outstanding edible for display in garden, pots or arrangements. 6-pks ___ Single plants also available for \$1 each.

Sold as Single plants in 3.25 inch pots at \$2.00 each

- ___ **Butterfly Weed:** *Asclepias tuberosa*, butterfly weed, is a native species of milkweed, critical food source for Monarch butterflies. Orange blossoms throughout summer. Don't disturb roots when planting. Perennial
- ___ **Creeping Thyme:** Sturdy, aromatic ground cover with creeping stems, lavender blossoms. Perennial

Ornamental Grasses & millets are the perfect focal point (thriller) when planting a container or garden vignette.

- ___ **Jade Princess** A compact, ornamental millet resembles corn plants w/chartreuse yellow green leaves and dark brown, pollenless cattail like plumes. Grow it as a specimen alone in a pot or grouped in a bed. Grows 30 inches tall; cattail like blooms mid-summer to fall. Dramatic annual for containers or beds. Plant 12-16" apart

Rudbeckia and Coneflowers: both are native flowers, Rudbeckia are also called black-eyed Susans. Rudbeckia and coneflowers (Echinacea) pair well with other blue & purple flowers. Heat tolerant; prefer full sun. Grow in pots & beds.

- ___ **Goldsturm Rudbeckia:** Traditional Black-eyed Susan of 3-4" yellow blooms with dark brown center on stiff stems 24-36" tall. Can be used for cutting or drying; Reliable perennial.
- ___ **Prairie Sun Rudbeckia:** Bi-color 5" lemon yellow blooms w/green center, 28-32 inches tall.
An annual that may reseed itself. Outstanding cut flower or dry seed heads. Attracts pollinators.
- ___ **Autumn Colors Rudbeckia:** Bicolor 5" flowers. Gold yellow petals with red, rust and bronze, one of the largest blooms among Rudbeckia. Cut blooms or dry seed heads. Deer resistant. Annual; may re-seed itself. 18-24 inches tall.
- ___ **Cheyenne Spirit:** Daisy like coneflowers in mix of gold, scarlet, orange, rosy red, cream & yellow blooms. Blooms are 4" across, grow 24-30" tall and spread 18" wide. Prefer full sun & tolerate light shade. Good for cut flowers. Seedheads attract goldfinches. Reliable perennial. Deer resistant and drought tolerant.
- ___ **PowWow Wild Berry:** Coneflower w/rose-purple daisy blooms 3-4" across; compact plants 18-24" tall.

Sweet Potato Vine: The perfect trailing vine as the "spiller" in container pots & baskets. Very attractive leaf shapes and colors. Fills in quickly with little maintenance. Also grown as ground cover. Will grow in sun to shade provided some sun during the day Super easy to grow. Some varieties have tubular flowers as a bonus. Annual.

- ___ **Blackie** (deeply serrated dark purple leaves)
- ___ **Bright Ideas Rusty Red** (trefoil shaped leaf in bronzy green)
- ___ **Floramia Verdino** (compact, multi colored leaf in shades ranging from muted green to bronze)
- ___ **Margarita** (lime green heart-shaped leaf)

Coleus: Eye-catching foliage lasts all summer! Easy to grow. Fabulous in beds, containers or baskets. Pinch to encourage branching. Preferences for sun and shade are listed below. Coleus can be grown indoors over winter. Thrive in summer heat. Suggest watering in the morning and allow air flow around plants for longevity to prevent mildew. Any of these varieties will blend together in a planting or individually in a pot. Blooms will attract hummingbirds in late summer-fall. Deer resistant.

_____ **Defiance**-Vibrant red leaf edged in gold. Full sun to part sun & shade. 18" wide and 20" tall.

_____ **Eruption 19:** Bright green leaf w/variegated hot-pink center. 18 by 20" does best in shade or partial shade

_____ **Kiwi Fern:** Narrow, frilly dark plum trimmed in yellow, full sun to bright shade.

_____ **Le Freak:** Long, sabre-shaped leaves of deep red trimmed in gold, grows in 12-18" mounds, sun & shade.

_____ **Lord Voldemort (ST)**- Medium-green leaf with center of bright plum, sun to partial shade. Vigorous.

_____ **Mainstreet River Walk**- bright lime & yellow leaves. Sun and shade. Compact grows 18" tall x 15" wide

_____ **Mainstreet Ruby Road:** Magenta pink center melds into maroon leaf edged in bright green; sun and shade

_____ **Red Ruffles (ST)** - foliage of dark red with pink veining on ruffled leaves edged in pale green. Sun to part sun to shade 14-24" tall

Sold as Single plants in 3.25 inch pots at \$3.00 each

Sunpatiens: Full sun to-part shade; fabulous in beds, containers, baskets. Thrives in heat & sun. Across between regular and new guinea impatiens, not susceptible to impatiens downy mildew. Very robust. All varieties bloom until frost. Pinching not recommended as it delays blooming. Plant compact variety 18" apart; vigorous variety 24" apart.

_____ **Compact Coral Pink**- Citrusy coral pink w/ dark green leaves; Grows 12-24" tall in mounds 24 inches wide.

_____ **Compact Fire Red**- Intense red flowers w/ green leaves; Grows 12-24 inches tall in mounds

_____ **Vigorous Lavender Splash**- Fluorescent lavender blossoms w/darker green leaves. Grows 20-36" tall.

_____ **Vigorous Pink Kiss**- Shades of pastel pink petals w/ green leaves. Grows 20-36 inches tall.

_____ **Vigorous Tropical Orange** - Brilliant neon orange blossoms w/variegated yellow & green leaves. 20-36" tall

Plant List 2021

Thank you for shopping with us!

We accept cash and paper checks. Please make out checks to "Jim Bono."

Please visit our website at wishingstarfarmnj.com and read our Covid19 Update Page.

We are open May 6 through June 6. Our hours are Thursday: 9am-4pm, Friday: 8am-5pm, Saturday: 8am-5pm, Sunday 9am-4pm and by appointment during the week. This year we are encouraging folks to help us stay safe by ordering ahead for pickup. We will coordinate a pickup time with you and "curbside" service is available.

Most varieties will be available by May 8th. Some are a little delayed, it depends to an extent on the weather. To find out about specific plant availability in advance simply text/call (609-267-6659) or email wsf@wishingstarfarmnj.com. To order in advance, use our new website online shopping cart (wishingstarfarmnj.com). If you prefer to shop in person, you can print out a copy of our shorter Quick List for your reference. Copies are also available here at our farm. We have a sheltered mailbox where you can pick up a copy of this spring's plant list and drop off an order if that works easier for you. It's mounted on a post in front of the little greenhouse along the driveway. (Note: this Plant List is not the Quick List.) Please provide a minimum of 48-hours' notice when placing orders for pickup.

We order seeds from a variety of sources where many of our plants are described in more detail. (For more complete variety descriptions go to www.johnnyseeds.com, www.hpsseed.com, rohrerseeds.com, www.holmesseed.com, www.growitalian.com, www.theheirloomseedstore.com or www.totallytomato.com to view online catalogs)

Directions to Wishing Star Farm:

We are located on 30 Columbus-Jobstown Road (zip code 08022), just off Route 206, across from the Columbus Farmers Market, in Springfield Township, Burlington County. Columbus-Jobstown Rd connects Route 670 (Jacksonville-Jobstown Rd) and Route 206. Our green mailbox sits directly across from the driveway entrance.
